Україна, Мукачево, міні-скульптура Ілона Зріні та Імре Текелі

On May 18, 2016, the third mini-sculpture was inaugurated in Mukachevo. It was dedicated to the heroine of the desperate three-year defense of Mukachevo Castle Iloni Zrini and her second husband Imre Tekeli. The author of this mini-sculpture, like the vast majority of mini-monuments in Transcarpathia, was Mikhail Kolodko. Mini-sculptures of lovers were installed in the courtyard of Mukachevo Castle "Palanok" at the central gate. Thus the ancient owners of the fortress "welcome guests". Tourism expert Fyodor Sandor, Deputy Consul General of Hungary in Uzhgorod Laszlo Vida, Mukachevo Mayor Andriy Balogh, as well as representatives of international delegations who came to Mukachevo to participate in the business forum took part in the events dedicated to the grand opening of this mini-masterpiece.
