Count's yard or Betlen's palace in Berehove

Україна, Берегово, Графський двір
48.2054299, 22.6480664

Behind the cathedral in the shade of chestnuts is another monument to the coast - the "Count yard". It is a long one-storey manor of the Prince of Transylvania, Gabor Bethlen (1629). There is now an amateur museum of local lore in four halls (director Ivan Shepa), which can be visited for a nominal fee. Former stables and a granary have also been preserved.More information on the blog "Magical journey to the city of Beregova" Explore the locality Routes Guides Tours Activities Hotels & Rentals Car rental and transfers Travel Ideas
