

Lake Nesamovite

Україна, озеро Несамовите
48.12239775, 24.5394229245523

On the northeast slopes of the main ridge of Chornohora, Lake Nesamovite, located on the slopes of Mount Turkul, attracts tourists. It lies at an altitude of 1750 meters. Lake area is 0.3 hectares, depth is 1.5 meters. The lake has no surface runoff and is replenished with water due to precipitation. Inhabitants of the Black Sea villages believe that the souls of all murderers or people who have committed suicide end up in Lake Nesamovite. More information on the Legends of Lake Nesamovite blog
