

Mini grape sculpture

Ужгород Міні-скульптура «Виноградне гроно»

48.62138878136106, 22.297363132238388

On April 1, 2016, a mini-sculpture of a grape bunch was solemnly opened in the city of Uzhgorod on the railing of the Kiev embankment (GPS: 48.621436, 22.297416). The initiator of this cultural action was the representatives of the official Moldovan delegation, organizing it as a sign of strengthening the cultural and foreign economic relations between Ukraine and Moldova. The highlight of this monument is the fact that it contains a real Bouquet of Moldavia, which, according to the Moldovan delegation, is only getting better over the years, as is the inherent good wine.
